## **ITEM 4 ADVISORY BUSINESS**

### **DESCRIPTION OF VERDE WEALTH GROUP, LLC**

VERDE WEALTH GROUP, LLC (“VERDE WEALTH GROUP”) is a limited liability company, founded in 2010, and organized under the laws of and domiciled in the state of Texas. VERDE WEALTH GROUP is 100% owned by its President, Geordie M. Hrdlicka. VERDE WEALTH GROUP is also an investment adviser registered with the state of Texas, pursuant to the requirements of the Investment Advisors Act of 1940, as amended, (the “Advisers Act”) and the Texas Securities Act, as amended (the “TSA”). VERDE WEALTH GROUP’s services and fee arrangements are described in the following pages. This narrative provides clients with information regarding VERDE WEALTH GROUP and the qualifications, philosophies, business practices, and nature of advisory services that should be considered before becoming a client of VERDE WEALTH GROUP.

### **SCOPE OF SERVICES**

VERDE WEALTH GROUP works with a client to develop a written financial plan or provide consulting services on specific issues or areas that are of concern to a client. VERDE WEALTH GROUP provides financial planning and consultative services to clients pursuant to a written financial planning agreement. VERDE WEALTH GROUP may also provide consultative services to clients concerning financial products that do not involve securities.

### **FINANCIAL PLANNING**

VERDE WEALTH GROUP offers financial planning services primarily to individuals, business owners, trusts, estates, pensions and corporations. VERDE WEALTH GROUP’s mission is to offer holistic financial planning by providing integrated and independent solutions unique to each client. VERDE WEALTH GROUP’s philosophy is that a personalized financial plan should be designed for the client before the implementation of any financial or investment strategies. After ascertaining a client’s investment objectives and risk tolerance, VERDE WEALTH GROUP’s team follows a financial planning process that involves assisting the client to define the client’s goals and establishing a plan of action to work toward those goals. The financial planning process considers the client’s foundation, retirement planning, education, cash flow management, risk management and portfolio design. In addition, VERDE WEALTH GROUP may design retirement income solutions or cash flow recommendations, explore gift, estate and legacy planning techniques and asset protection solutions as well as review and design insurance or investment portfolios when appropriate.

VERDE WEALTH GROUP’s team creates a personalized written financial plan or consultative report for the client which provides the framework for future planning decisions. The financial plan is designed with an eye towards integrating the clients’ goals, priorities and current financial situation. Strategies recommended to implement the financial plan, which may involve risk management proposals or investment solutions, typically follow the planning process. All planning recommendations are based on each individual client’s investment objectives, risk tolerance, goals and personal situation and circumstances.

As further described in Item 10: Other Financial Industry Activities and Affiliations, VERDE WEALTH GROUP maintains affiliations with a registered investment adviser, a registered broker-dealer, and a licensed insurance agency to help clients execute or implement a financial plan prepared by VERDE WEALTH GROUP. The client is under no obligation to accept any recommendation from VERDE WEALTH GROUP, and the client has the sole authority with regard to the implementation, acceptance, or rejection of any recommendation or advice prepared or supplied by VERDE WEALTH GROUP.

## **ADVICE FOR CONSULTATIONS NOT INVOLVING SECURITIES**

VERDE WEALTH GROUP also advises clients concerning financial products that do not involve securities. These services can include, but are not limited to, assistance through the estate-planning process, review and assessment of insurance coverage and risk management as well as trust-owned life insurance reviews. Fees will be described in the applicable financial planning agreement. These fees may be negotiable at the discretion of VERDE WEALTH GROUP. The fee for consultations not involving securities is determined by the complexity of the planning needs and the volume of documents reviewed or analyzed.

## **ASSET MANAGEMENT SERVICES AND ARRANGEMENTS**

VERDE WEALTH GROUP does not provide asset management services to clients. As further described in Item 10, advisory affiliates or related persons of VERDE WEALTH GROUP do provide such services and clients of VERDE WEALTH GROUP may engage with such advisory affiliates or related persons via a written investment management agreement.

VERDE WEALTH GROUP will assist clients in determining investment objectives, selecting appropriate money managers, funds or portfolios, setting restrictions or limitations on the management of the account, explaining portfolio strategies and transactions and answering client questions. VERDE WEALTH GROUP will also evaluate the overall investment strategy and performance of any third-party money manager or asset allocation program. Factors to be considered in monitoring performance may include comparing client portfolio performance relative to certain market indices and other money managers. However, the most important consideration will be confirming that the investment strategy of the money manager matches the personal goals and risk tolerance of the client.

## **EDUCATIONAL SEMINARS AND WORKSHOPS**

VERDE WEALTH GROUP may provide educational seminars for clients or prospective clients. The seminars may concern issues relating to financial planning, risk management, and asset allocation considerations, in the context of client goals and risk tolerances.
